

Techceuticals 2026 Schedule Release

Solid Dosage Manufacturing Process Training

- March 4-5, 2026
- May 5-6, 2026
- July 21-22, 2026

**Practical, production-level training I
couldn't get anywhere else.**

- Dillon at Hikma

Tablet Making Technologies Training

- April 29-30, 2026
- November 3-4, 2026

I would **highly recommend the course** to anyone looking to advance their knowledge and skills.

- Jeffrey at RBI

Encapsulation Technologies Training

- April 8-9, 2026
- August 5-6, 2026
- October 7-8, 2026

We're heading back now ready to use what we learned, and **I'd love to come back for more training in the future.**

- Jonas at PRONTO

Film Coating Technologies Training

- March 11-12, 2026
- July 8-9, 2026
- November 18-19, 2026

This course has significantly enhanced my knowledge and skills, and I am grateful for the opportunity.

I will definitely recommend a colleague!

- Priscilla at Nestlé Health Science

Granulation Technologies Training

- March 25-26, 2026
- May 27-28, 2026
- September 2-3, 2026
- October 21-22, 2026

If I had a coworker who was wondering whether they should take this or not, I **would definitely recommend it.**

- Alex at Hikma

**Classes are
limited to 24
attendees.**
